

## A Fast and Fun Business Safari!

Business cards were flying at the last Business Safari of 2018. This B2B speed dating event was memorable on two counts: it was open to guests, plus the food provided by the catering students at Harrogate College was fantastic!

It takes skill to make your pitch in just a couple of minutes, and even if you don't get it quite right for the first round, you've got several attempts left to perfect your patter. Join us next time!

## Going Low Carbon

Environmental scientists are desperately trying to get their message across - that it's vital we act now to reduce our damaging impact on the world before it's too late.

Businesses should be looking at how they can go low carbon; even small changes can make a big difference.

On Monday, 14th January, Jemima Parker from Zero Carbon Harrogate will be introducing three compelling speakers to explain the how and why, plus the benefits for your organisation if you reduce your carbon footprint.
